

30X30

Helping ambitious founders in
Victoria scale & win

OVERVIEW

LaunchVic, Victoria's startup agency, has developed an exclusive new program for Victoria's best scaleups.

LaunchVic's 30X30 is an ambitious program for ambitious scaleups. As the name suggests, we want to see 30 Victorian scaleups reach unicorn status by 2030.

Similar to Tech Nation's hugely successful Future Fifty program in the UK, 30X30 is uniquely tailored for late-stage founders and their leadership teams.

As many founders know, some of the biggest pain points to growth are in the day-to-day running of the business, often in the HR, Operations and Finance functions.

30X30 aims to free up founders to focus on key strategic priorities fundamental to your growth, while giving HR, Operations and Finance leaders the skills and exposure to common 'scaleup' challenges and bottlenecks.

As part of this bespoke program, your leadership team will receive sponsored executive education, and have access to a range of mentors who have themselves been through the scaling journey as a leader in either HR, Operations or Finance.

The program will profile scaleups and their founders, leveraging LaunchVic's extensive domestic and international networks, as well as provide media and marketing opportunities to profile your scaleup through LaunchVic's multi-faceted communications channels.

The program launches in May 2022 and will run until June 2024, over which time three cohorts will run. The first cohort of 10 scaleups will commence in May 2022 and conclude in September 2022.

Participation including, mentoring, promotion of your scaleup and many other benefits are available at no cost. This is a fully subsidised program by LaunchVic. LaunchVic does not take an equity stake in your company.

Victoria's best scaleups are invited to submit their application to participate in this program. To be considered, scaleups must have claimed their company profile on [LaunchVic's startup database](#) powered by dealroom.co, which is free and fast to set up.

What To Expect

The program has two streams of support during the four-month engagement.

Learning and Development

1. *Executive Coaching and Mentoring:* Functional leaders will take part in two days of executive coaching and mentoring per month with a relevant experienced scaleup leader in their functional area. The cohort will work together across functional lines, bringing finance,

operations, and HR leaders together to expand learnings and develop an alumni network that extends beyond the program;

2. *Executive Education*: Re-imbusement of up to \$5,000 per scaleup for relevant executive education.
3. *Cohort Engagement*: Ongoing events to ensure the cohort continue to solve scaling problems together, post program.

Promotion:

1. *New Market Entry*: In partnership with Global Victoria, the program will advance international market expansion and provide up to \$6,000 per scaleup in travel re-imbusement;
2. *Networking*: Where possible LaunchVic will leverage its networks to support access to opportunities for your scaleup, including those supported by Government.
3. *Profiling*: At LaunchVic we believe we should celebrate our best a brightest founders to help other founders and their teams to 'be what you can see'. We will leverage our own media opportunities to profile your scaleup and the people behind it.

Founders will need to commit up to 3 hours per month over the course of four months (May to August 2022) and Executive Leaders will need to commit up to 16 hours per month over the same period.
